December 18, 2023

Prosecutor Ciccone:

In accordance with the Statewide Mandatory Early Warning Systems, Directive No. 2018-3, promulgated by the Office of the Attorney General, I, as the law enforcement executive for the Middlesex Borough Police Department, have completed an audit of the agency's Early Warning System. Our tracking system and records were thoroughly reviewed in order to assess the accuracy and efficacy of the system. I have found that this agency is in compliance with police department General Order 3.21, MCPO Directive #70, and A.G. Directive 2018-3. I have not identified any deficiencies in the tracking or administration of the Early Warning System.

This communication serves as written documentation of the annual review for inclusion in the County Prosecutor's report to the Office of the Attorney General.

Respectfully,

Matthew P. Geist
Chief of Police
